

Subject

Biology

Curriculum Lead

Ms Filipe

"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is most adaptable to change."

Charles Darwin

Curriculum Intent Summary:

Biology at UAI is a popular subject, which covers a range of topics from cells to that of whole organisms. It is a cross-curricula subject that provides links to a variety of other disciplines across the school. The curriculum allows biologists to engage with and apply a wide range of knowledge and skills, including participating in dissections, field trips and interesting practicals. At UAI, we provide high-quality teaching, which offers an assortment of clubs and extra-curricular activities to inspire young minds.
