In mathematics the art of proposing a question must be held of higher value than solving it.
— Georg Cantor, German mathematician

Curriculum Intent Summary:

While studying Mathematics at UAI, we believe that students deserve a creative and ambitious mathematics curriculum, rich in skills and knowledge, which brings curiosity and prepares them well for everyday life and future employment.

Our mathematics curriculum will give students the opportunity to become fluent in the fundamentals of mathematics, reason mathematically, solve problems, by breaking down problems into simpler steps and justify solutions using mathematical vocabulary.
