1 Introduction

- 1.1 The Ursuline Academy Ilford uses closed circuit television (CCTV) images to reduce crime and monitor the school buildings in order to provide a safe and secure environment for pupils, staff and visitors, and to prevent the loss or damage to school property.
- 1.2 The system comprises a number of fixed and dome cameras.
- 1.3 The system does not have sound recording capability.
- 1.4 The CCTV system is owned and operated by the academy, the deployment of which is determined by the academy's leadership team.
- 1.5 The CCTV is monitored centrally from the Premises Manager's office by Paul Adlam - Premises Manager. The Data Protection Officer is Mariano Scotti.
- 1.6 The introduction of, or changes to, CCTV monitoring will be subject to consultation with staff and the academy community.
- 1.7 The academy's CCTV Scheme is registered with the Information Commissioner under the terms of the Data Protection Act 1998. The use of CCTV, and the associated images and any sound recordings is covered by the Data Protection Act 1998. This policy outlines the academy's use of CCTV and how it complies with the Act.
- 1.8 All authorised operators and employees with access to images are aware of the procedures that need to be followed when accessing the recorded images and sound. All operators are aware of their responsibilities under the CCTV Code of Practice. All employees are aware of the restrictions in relation to access to, and disclosure of, recorded images and sound.

2 Statement of Intent

- 2.1 The academy complies with Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly and safeguards both trust and confidence in its continued use. The Code of Practice is published at:

<https://ico.org.uk/media/1542/cctv-code-of-practice.pdf>
- 2.2 CCTV warning signs will be clearly and prominently placed at all external entrances to the academy, including school gates if coverage includes outdoor areas. Signs will contain details of the purpose for using CCTV (see appendix B). In areas where CCTV is used, the academy will ensure that there are prominent signs placed at both the entrance of the CCTV zone and within the controlled area.
- 2.3 The planning and design has endeavoured to ensure that the Scheme will give maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

3 Sitting the Cameras

- 3.1 Cameras will be sited so they only capture images relevant to the purposes for which they are installed (described above) and care will be taken to ensure that reasonable privacy expectations are not violated. The Academy will ensure that the location of equipment is carefully considered to ensure that images captured comply with the Data Protection Act.
- 3.2 The academy will make every effort to position cameras so that their coverage is restricted to the school premises, which may include outdoor areas.
- 3.3 CCTV will not be used in classrooms but in areas within school that have been identified by staff and pupils as not being easily monitored.
- 3.4 Members of staff should have access to details of where CCTV cameras are situated, with the exception of cameras placed for the purpose of covert monitoring.

4 Covert Monitoring

- 4.1 The academy may in exceptional circumstances set up covert monitoring. For example:
 - i) Where there is good cause to suspect that an illegal or unauthorised action(s), is taking place, or where there are grounds to suspect serious misconduct;
 - ii) Where notifying the individuals about the monitoring would seriously prejudice the reason for making the recording.
- 4.2 In these circumstances authorisation must be obtained from the Head Teacher or designated deputy.
- 4.3 Covert monitoring must cease following completion of an investigation.
- 4.4 Cameras sited for the purpose of covert monitoring will not be used in areas which are reasonably expected to be private, for example toilet cubicles.

5 Storage and Retention of CCTV images

- 5.1 Recorded data will not be retained for longer than is necessary. While retained, the integrity of the recordings will be maintained to ensure their evidential value and to protect the rights of the people whose images have been recorded.
- 5.2 All retained data will be stored securely.

6 Access to CCTV images

- 6.1 Access to recorded images will be restricted to those staff authorised to view them, and will not be made more widely available.

7 Subject Access Requests (SAR)

- 7.1 Individuals have the right to request access to CCTV footage relating to themselves under the Data

Protection Act.

- 7.2 All requests should be made in writing to the Headteacher. Individuals submitting requests for access will be asked to provide sufficient information to enable the footage relating to them to be identified. For example, date, time and location.
- 7.3 The Academy will respond to requests within 30 calendar days of receiving the written request and fee.
- 7.4 A fee of £10 will charged per request.
- 7.5 The academy reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an on-going investigation.

8 Access to and Disclosure of Images to Third Parties

- 8.1 There will be no disclosure of recorded data to third parties other than to authorised personnel such as the Police and service providers to the school where these would reasonably need access to the data (e.g. investigators).
- 8.2 Requests should be made in writing to the Headteacher.
- 8.3 The data may be used within the academy's discipline and grievance procedures as required, and will be subject to the usual confidentiality requirements of those procedures.

9 Complaints

- 9.1 Complaints and enquiries about the operation of CCTV within the academy should be directed to the Headteacher in the first instance.

Appendix A - Checklist

This CCTV system and the images produced by it are controlled by Paul Adlam – Premises Manager who is responsible for how the system is used and for notifying the Information Commissioner about the CCTV system and its purpose (which is a legal requirement of the Data Protection Act 1998).

The Ursuline Academy Ilford has considered the need for using CCTV and have decided it is required for the prevention and detection of crime and for protecting the safety of customers. It will not be used for other purposes. We conduct an annual review of our use of CCTV.

	Checked (Date)	Checked by	Date of next review
There is a named individual who is responsible for the operation of the system.	Yes		
A system had been chosen which produces clear images which the law enforcement bodies (usually the police) can use to investigate crime and these can easily be taken from the system when required.	Yes

Except for law enforcement bodies, images will not be provided to third parties.	Yes		
The organisation knows how to respond to individuals making requests for copies of their own images. If unsure the controller knows to seek advice from the Information Commissioner as soon as such a request is made.	Yes		
Regular checks are carried out to ensure that the system is working properly and produces high quality images.	Yes		

Appendix B – CCTV Signage

It is a requirement of the Data Protection Act 1998 to notify people entering a CCTV protected area that the area is monitored by CCTV and that pictures are recorded. The school is to ensure that this requirement is fulfilled.

The CCTV sign should include the following:

- That the area is covered by CCTV surveillance and pictures are recorded
- The purpose of using CCTV
- The name of the school
- The contact telephone number or address for enquiries
