## Music News

### **Music Summer Concert**

The Ursuline Academy's Music Department presented their Summer Music Concert on Tuesday 9th July, which featured a lovely variety of soloists and ensembles. A very big well done to everyone that participated for working so hard and performing so well - you are all stars!

Thank you to those who attended the concert to support everyone that performed. A special thanks to all staff who helped to make it possible: our premises team and Mr Goellnitz in I.T. for helping to set up the hall and sound equipment; our new head girl team for supporting the event on the welcoming team and serving refreshments (and their amazing enthusiasm!); our fantastic stage management team: Wyeshali, Isha, Shenaya, Wiktorja, Chidera, and Laksha; and all our Visiting Music Teachers and Ms Eakins for supporting and preparing our students for their performances. Special thanks to Sandy Thompson, our violin teacher, for being there to lead the Violin Ensemble. Thank you and well done everyone! Please see link for a snapshot of our performers [video-output-8D667E7B-2748-4BA7-A290-52D86F6DCDA4](https://www.youtube.com/watch?v=8D667E7B-2748-4BA7-A290-52D86F6DCDA4).

## Politics News - UAI General Election

### URSULINE MOCK ELECTION RESULTS

On the 2nd of July, A-level Politics students at Ursuline Academy Ilford conducted a mock election inspired by the UK general election on the 4th of July. The students were divided into five political parties: the Conservatives, Labour, Greens, Liberal Democrats, and Reform UK. Every party prepared their manifesto like the original manifestos of the parties. The Election is conducted through First-past-the-post (FPTP), the simple plurality system. Each party campaigned for the votes of the students. Everyone from Year 7 to sixth formers had a vote of their choice. This enhances the democratic participation of the students in politics. Students gain knowledge of issues around them as they engage in politics. Furthermore, it improves their decision-making abilities, as they are trained in election circumstances.

According to the mock Election, the election results showed that the overall turnout was 64.4%, whereas in the UK election, it was just 59.9%. The turnout was higher in our school than in the General Election, which aligned with the previous 2019 general election. The Green party won the Election with 49.7%, whereas in the General Election, it was just predicted 2 seats but won 4. It did well in the UK General Election. The official opposition was the Labour Party with 22.7%; in contradiction, the Labour Party won the Election with the supermajority of 174 with 33.7%. The Conservative party had the lowest vote share of 8.7%; on the other hand, the Conservatives had a fall with just 121 seats, which is the most significant fall for Conservatives in the century. This demonstrates the Mock Election, which reflected the UK General Election.

## Student Leadership

On Monday, almost all the Brentwood Diocesan secondary schools gathered with delegates from their student leadership teams to deepen their understanding of Leadership, collaborate and discuss together and study Pope Francis's encyclical, 'Laudato Si' – On the Care of our Common Home.

Bishop Alan led an inspiring and insightful workshop about what it means to be a leader, how to be a good leader and some of his own journey in leading others. **Hiba, Waania** and **Naga** from the Year 12 leadership team were invited to speak about their ideas for change and the challenges faced by young people, as all the delegates shared ideas and good practise from their own schools.

A time of prayer at the beginning and end of the conference enabled all present to consider the vocation of service and leadership we all possess.

**Mr McGhee. Assistant Associate Head.**

'The leadership conference was a fantastic experience. I learnt so much about how to conduct yourself as a leader, self-realisation, and much more. The best thing was socialising with other young people and meeting new people with distinct ideas. Representing the Ursuline and thinking about ideas to improve our school was, for me, the best part of the sessions'.

**Naga Yr12**

## Student Leadership Continued...

### The Student Leadership Team for 2024/2025

We are excited to introduce our newly elected student leadership team consisting of Senior and Junior student leaders pictured above.

The team will act as ambassadors and role models working with both students and staff and taking a leading role in the school community. This is the first time students at the end of Year 10 are elected to assist the sixth form team and take on leadership positions to serve the community while enhancing their experience. The Year 12 Senior team went through a rigorous selection process which started over a month ago, with a three-stage process which began with writing letters of applications. This was then followed by a 2-minute speech presented to the wider school and a staff and student vote, the final stage was a panel interview with the Head Teacher. The Junior Student Leadership process involved writing a letter of application followed by selection to interview. The candidates impressed the interviewers with a wealth of ideas. We look forward to the enthusiasm and commitment they bring to these roles. Many congratulations to the new Student Leaders.

# What Parents & Educators Need to Know about WORRY AND ANXIETY

Worry and anxiety are common emotions experienced by children, often triggered by uncertainty or fear. While worry involves concern about future events, anxiety is a persistent feeling of dread or apprehension. Current statistics indicate a rising prevalence of anxiety disorders among children, and this guide has some expert advice on understanding and addressing these concerns.

## UNDERSTANDING WORRY AND ANXIETY

Worry and anxiety are emotional responses to stress or uncertainty. Worry is typically associated with potential misfortune, while anxiety is characterised by feelings of fear, apprehension or unease. Both can manifest physically through symptoms such as restlessness, fatigue or muscle tension. Understanding the distinction between worry and anxiety is crucial for effectively addressing these concerns in children.

## DIFFERENTIATING WORRY FROM ANXIETY

While worry and anxiety share similarities – in that they both involve concerns about possible trouble – anxiety tends to be more constant and overwhelming. Worry may come and go depending on circumstances, whereas anxiety can linger regardless of the situation. It's essential to recognise when the former crosses into the latter, as anxiety can significantly impact a child's daily functioning and wellbeing.

## WHAT ARE THE RISKS?

### LONG-TERM CONSEQUENCES

Untreated worry and anxiety in childhood can have potentially lifelong impacts on a person's mental health and wellbeing. Chronic anxiety may increase the risk of developing anxiety disorders, depression or other mental health conditions later in life. Additionally, unresolved worry and anxiety can negatively impact self-esteem, confidence and overall resilience. It's essential to address these concerns proactively and provide appropriate support and intervention.

### THE EMOTIONAL TOLL

The emotional impact of worry and anxiety on children can be significant, affecting their overall quality of life and wellbeing. Children experiencing chronic worry or anxiety may feel overwhelmed, irritable or helpless. They may also withdraw from social activities or avoid situations that trigger their anxiety, leading to feelings of isolation or loneliness. Addressing these concerns early can help prevent long-term emotional distress and promote healthy coping strategies.

### THE IMPACT ON CHILDREN

Excessive worry and anxiety can have profound effects on children's mental and emotional health. It may interfere with their ability to concentrate, sleep or participate in daily activities. Chronic worry and anxiety can also lead to physical symptoms such as headaches, stomach aches or difficulty breathing. Left unchecked, these concerns can escalate and potentially contribute to the development of anxiety disorders later in life.

### ACADEMIC & SOCIAL IMPACTS

Impacts on the academic performance and social interactions of children and young people are very possible. Frequent worry or anxiety may impair concentration, memory and problem-solving skills, making it difficult for children to succeed in education. Anxiety can also hinder social development by causing children and young people to avoid social situations or to struggle with communication and interpersonal relationships, potentially leading to feelings of isolation or exclusion.

## Advice for Parents & Educators

### ENCOURAGE OPEN COMMUNICATION

Parents and educators can foster a supportive environment by encouraging children to express their worries and anxieties openly. Actively listening and acknowledging young people's emotions can help them feel understood and supported, reducing the situation's intensity. Creating opportunities for regular check-ins and discussions about one's feelings can promote healthy coping strategies and strengthen communication bonds.

### CREATE A SUPPORTIVE ENVIRONMENT

Parents and educators play a crucial role in creating a supportive environment that promotes emotional wellbeing. Establishing routines, providing predictability and offering reassurance can help relieve anxiety and create a sense of security for children. Foster a culture of empathy and understanding, where children feel safe enough to express their emotions and seek support when needed.

### TEACH COPING STRATEGIES

Empowering children with effective coping strategies is essential for managing worry and anxiety. Encourage the use of relaxation techniques such as deep breathing, mindfulness or progressive muscle relaxation to calm anxious thoughts and promote a sense of composure. Additionally, teaching positive self-talk and problem-solving skills can help children develop resilience and confidence in managing challenging situations.

### SEEK PROFESSIONAL HELP

Recognising when to seek professional help is vital for addressing significant or persistent worry and anxiety in children. If worry or anxiety significantly impacts a child's daily functioning, interferes with their relationships or academic performance, or causes significant distress, it may be necessary to consult with a mental health practitioner. Early intervention can prevent long-term consequences and promote positive outcomes for children's psychological wellbeing.
